

OUTSOURCED ACCOUNTING

CFO SERVICES

Like many growing companies, you may need more professional financial advice than you have on staff, but are not ready to hire a Controller or CFO. For situations just like yours, Anders offers an Outsourced CFO Solution.

WHAT MAKES ANDERS UNIQUE

There are many outsourced models but at Anders, our group is led by a true CFO; a seasoned professional who served privately held companies as a CFO. This hands on experience will provide you not only with the financial insight you need, but also the experience shared by someone who has been in the trenches and has faced your same challenges and opportunities.

At Anders, our Outsourced CFO Solution helps business owners as well as accounting staff and managers. Our guidance can be what you need, when you need it, at a fraction of the cost of hiring a full-time employee.

HERE'S WHAT YOU CAN EXPECT FROM OUR OUTSOURCED CFO SERVICES:

- Fewer surprises and more control over your bottom line
- Help with business plans,

processes, and strategies

- Assistance with budget preparation and long-term planning
- Improved processes and quality control
- Assistance with cash management
- Consultation on systems selection and implementation consultation
- Appropriate benchmarking strategies
- Help wading through insurance, leases, and equipment purchases
- A liaison with your banker, attorney, insurance agent, and vendors
- Mergers and acquisitions advice
- Workplace safety review
- A voice of reason and sounding board when you have to make tough decisions
- Peace of mind in knowing that your CFO is looking out for the best interests of you and your company

You will benefit from the experience and expertise of senior-level finance and accounting professionals, and will enjoy knowing the big picture and daily operations are taken care of for you.
